## Security Doors and Window Screens

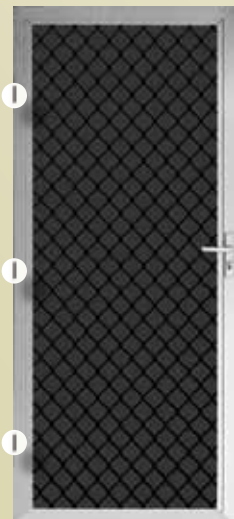

Custom crafted to suit your needs, our extensive range of quality security screens and doors will provide superior home protection from small insects to unwanted intruders. Sliding doors, Hinged doors, Sliding windows, Awning windows or Double Hung windows, whatever your requirement, we have the right screen to meet your needs.

## Advanced Technology

Tough lightweight materials and resilient compounds are used to give security screens

exceptional strength. The use of high performance 3M™ VHB™ adhesive (as used SecureView) deliver outstanding durability and strength.

It also has superior energy absorbing properties which helps to eliminate stress points, this gives it a huge advantage over using traditional fixings such as screws and rivets. The technology is ideal for the manufacture of security screens as it eliminates the risk of galvanic corrosion and provides strength that other fixing methods can't provide.

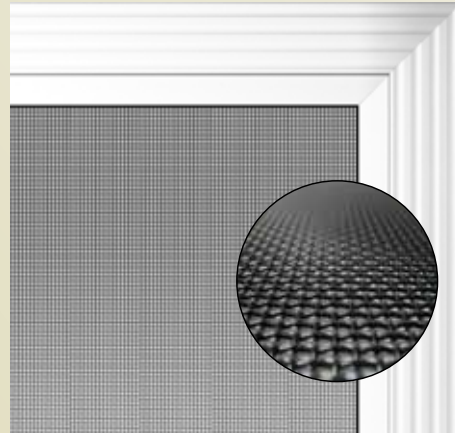

### Barrier Screen

Our crimped screens are manufactured using an extruded aluminium frame that is 33% deeper than riveted screens.

#### Options Include:

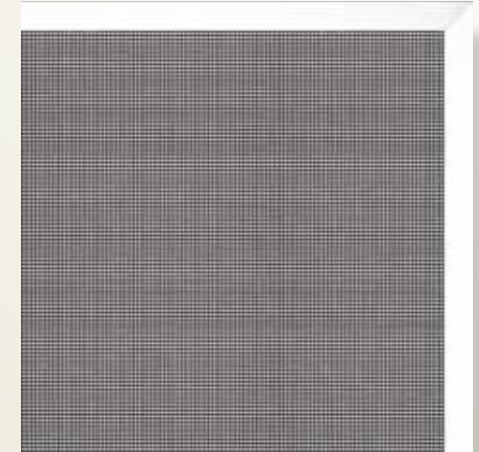

- Automatic door closer (hinged doors only)
- Triple lock
- Aluminium mesh
- Sand-fly mesh (0.6mm x 0.6mm mesh aperture)
- Paw proof mesh
- Pet door

Security Screen

Barrier Screen

Fly Screen

**Please note:** Barrier Screens provide an effective visual deterrent against intruders. Barrier screens are not designed to withstand a prolonged attack and are therefore not classified as a security product.

### Australian Standards Tests

| Product        | Impact | Knife | Jemmy | Pull |
|----------------|--------|-------|-------|------|
| Hinged Door    | ✓      | ✓     | ✓     | ✓    |
| Sliding Door   | ✓      | ✓     | ✓     | ✓    |
| Fixed Window   | ✓      | ✓     | ✓     | ✓    |
| Hinged Window  | ✓      | ✓     | ✓     | ✓    |
| Sliding Window | ✓      | ✓     | ✓     | ✓    |

### Main Features - Security Screen

- ✓ Superior Impact Resistance
- ✓ Marine Grade Woven Stainless Steel Mesh
- ✓ 3 Point Lock
- ✓ Knife, Shear and Impact tested
- ✓ Air Circulation
- ✓ Privacy

### Main Features - Barrier Screen

- ✓ Effective Visual Deterrent
- ✓ Black Diamond Grille as Standard (Colour Matched Available)
- ✓ Optional Mesh (Fibreglass as standard) Aluminium, Stainless Steel, Sand-fly and Paw Proof Mesh
- ✓ Pet Doors (240 x 190) or (305 x 225)
- ✓ 5. Single Point Lock (3 point lock optional)
- ✓ 6. Removable (for cleaning)

### Main Features - Fly Screen

- ✓ Insect Barrier
- ✓ Optional Mesh (Fiberglass as standard) Aluminium, Stainless Steel, Sand-fly and Paw Proof Mesh
- ✓ Light Weight
- ✓ Air Circulation
- ✓ Removable (for cleaning)
